Quadplex Design and Plans

Completed By Rosie Byersdorfer, Nicholas Covello, Lucas
Dahlborn, Grant Jensen

Date Completed May 2026

UI Department Civil & Environmental Engineering

Course Name Project Design & Management
CEE:4850

Instructors Christopher Stoaks

Community Partners City of Maquoketa

This project was supported by the Iowa Initiative for Sustainable Communities (IISC), a program that partners with rural and urban communities across the state to develop projects that university students and faculty complete through research and coursework. Through supporting these projects, the IISC pursues a dual mission of enhancing quality of life in Iowa while transforming teaching and learning at the University of Iowa.

IISC is a member of the Educational Partnerships for Innovation in Communities - Network (EPIC-N), a growing network of educational institutions across the globe using the EPIC Model to partner existing course work and university human capital with the needs of local governments, and communities, to improve quality of life. Learn more about other network programs at www.epicn.org.

Research conducted by University of Iowa faculty, staff, and students exists in the public domain. When referencing, implementing, or otherwise making use of the contents in this report, the following citation style is recommended:

[Student names], led by [Professor's name]. [Year]. [Title of report]. Research report produced through the Iowa Initiative for Sustainable Communities at the University of Iowa.
